**AMENDMENT**

Columbia Ventures Broadband LLC ("CV Broadband"), CTC Communications Corp.-Debtor-In-Possession ("CTC Communications-DIP") and CTC Communications of Virginia, Inc.-Debtor-In-Possession ("CTC Virginia-DIP") (together with CTC Communications-DIP the "CTC Operating Companies" and with CV Broadband, "Applicants"), by their undersigned counsel, hereby amend the above-captioned application to reflect that the CTC Operating Companies are operating in bankruptcy.

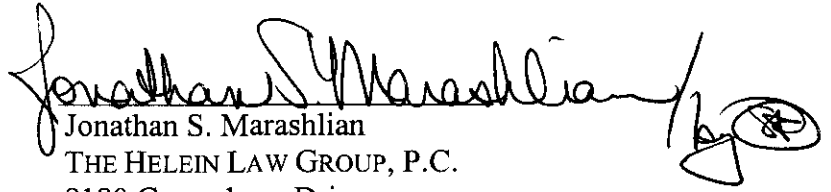

On August 19, 2003, Applicants filed an Application with the Commission seeking approval for CV Broadband to acquire control of the CTC Operating Companies. Because the

CTC Operating Companies had inadvertently not notified the Commission of the bankruptcy related *pro forma* assignment of their respective Section 214 authorities, the Application filed with the Commission was filed under the entity names CTC Communications Corp. and CTC Communications of Virginia, Inc. without indicating that those entities were operating as debtors-in-possession. The CTC Operating Companies have now submitted the required notification filings to the Commission. Accordingly, Applicants file this amendment and respectfully request that CTC Communications Corp.-Debtor-In-Possession be substituted for CTC Communications Corp. and that CTC Communications of Virginia, Inc.-Debtor-In-Possession be substituted for CTC Communications of Virginia for the purposes of the above-captioned proceeding.

As set forth in the Application, Applicants seek authority in the immediate proceeding to permit CV Broadband to acquire control of the both of the CTC Operating Companies and the blanket domestic Section 214 authorities those entities hold. Applicants continue to request that such authority be granted in the context of this proceeding. With respect to CTC Virginia-DIP's international Section 214 authorization, however, pursuant to discussions with Staff, CTC Virginia-DIP will file under separate cover an additional application with the Commission's International Bureau seeking approval for CV Broadband to acquire control of CTC Virginia-DIP's international Section 214 authorization. As a result, with respect to the immediate application, Applicants seek approval to transfer control only of the international Section 214 authorization held by CTC Communications-DIP and not the international Section 214 authorization held by CTC Virginia-DIP.

Questions regarding this filing may be addressed to the undersigned.
